

Introduction of CCD Specific Search System

System Search Specific CCD is search system allows users to search for information about the course / program in the CIDB website more systematic. Users have two options which are choose from the calendar (Option 1) or a specific search (Option 2).

Homepage System Search Specific CCD

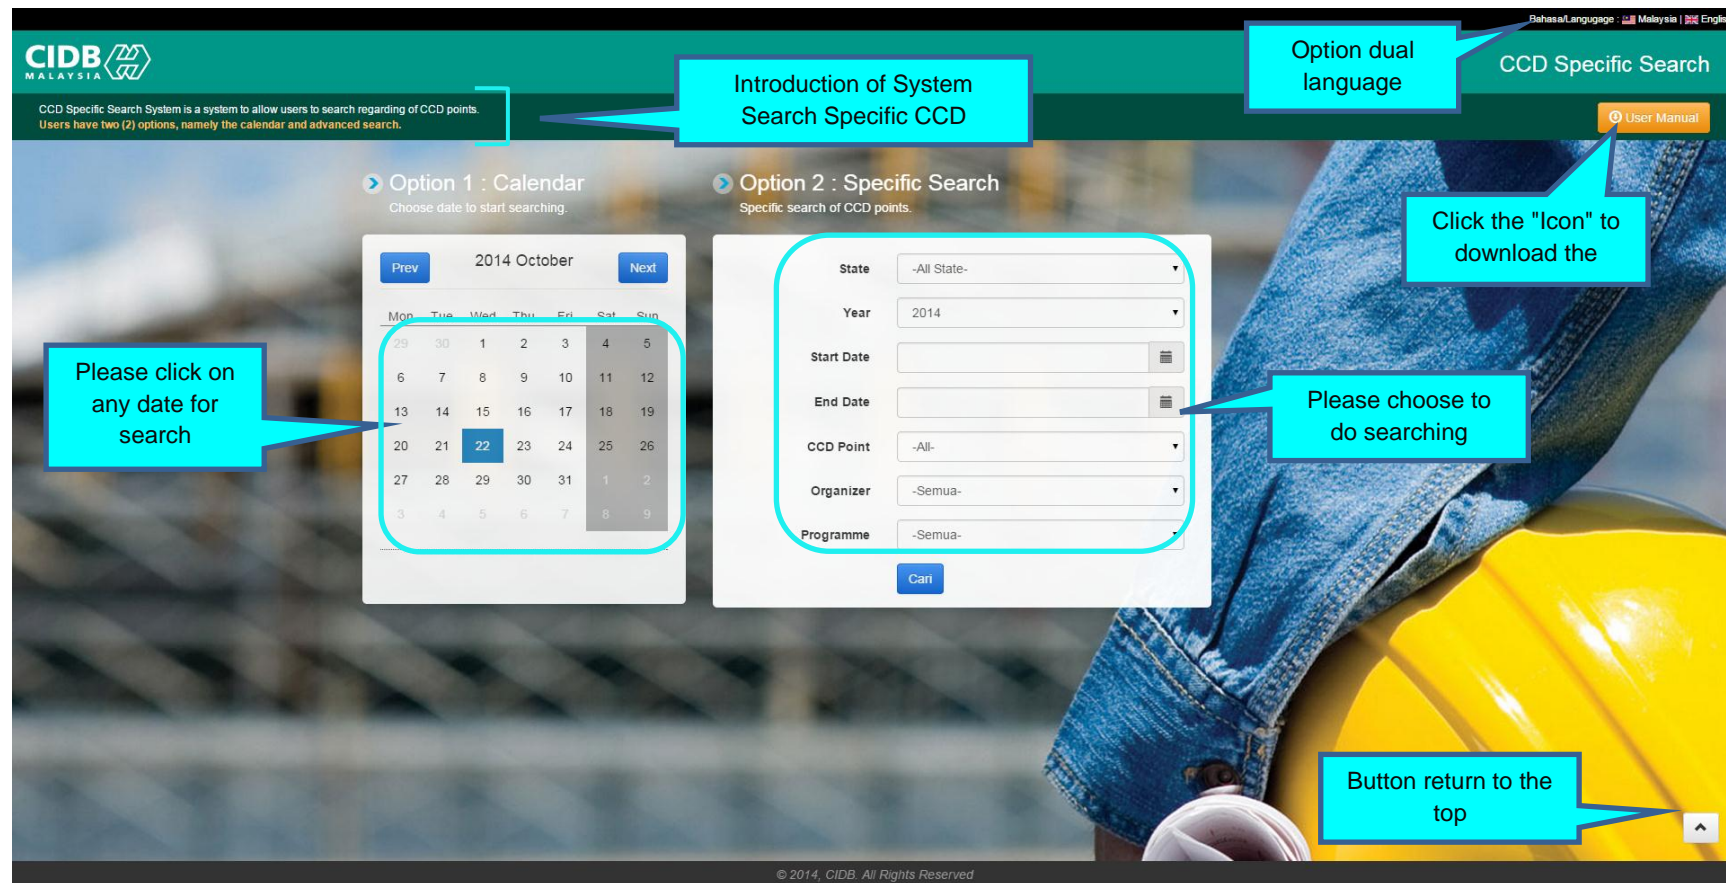

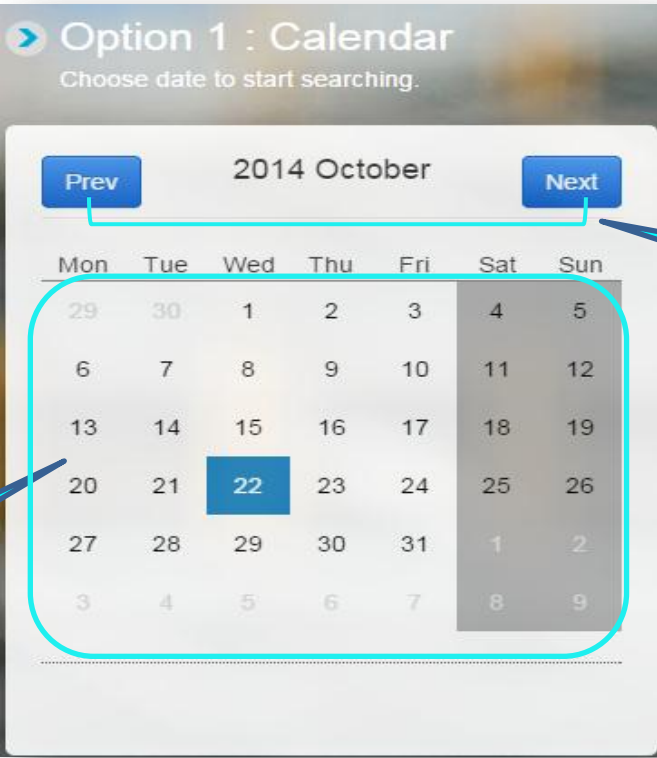

Figure 1 : Main Homepage

Option 1: Calendar

Option 1, a user can choose from the calendar a date wanted and start the search. Information will be displayed on the search results according the selected date by user.

- 1) Do a search by clicking on any of the dates as shown in Figure 2.
- 2) Click **Prev** or **Next** to search for the next month.

The screenshot shows a calendar interface titled "Option 1 : Calendar" with the instruction "Choose date to start searching." The calendar is for "2014 October" and includes "Prev" and "Next" navigation buttons. The date "22" is highlighted in blue. A red callout box points to the "Prev" and "Next" buttons with the text: "Click **Prev** or **Next** to perform searching in the next month." Another red callout box points to the calendar grid with the text: "Choose any date to search".

*** Option 1 only displays the search depends on the results that have been selected by the user (Date search).**

*** Search results do not display the 3 months prior from current date**

Option 2 : Advanced Search

Option 2, the user can choose from the search options, such as Figure 6. The user can select one, two or all of the search options to simplify the search by the user. Search information will be displayed based on the user's selection.

The screenshot shows a search interface titled "Option 2 : Specific Search" with the subtitle "Specific search of CCD points." The interface includes several search criteria:

- State:** A dropdown menu currently set to "-All State-".
- Year:** A dropdown menu currently set to "2014".
- Start Date:** A date input field with a calendar icon.
- End Date:** A date input field with a calendar icon.
- CCD Point:** A dropdown menu currently set to "-All-".
- Organizer:** A dropdown menu currently set to "-Semua-".
- Programme:** A dropdown menu currently set to "-Semua-".

 At the bottom of the form is a blue button labeled "Cari". Two callout boxes provide instructions:

- A callout box on the right side of the form states: "Users can choose one or all criteria of the choice to make searching".
- A callout box pointing to the "Cari" button states: "Click Cari after selection have been made." (Note the typo 'have' in the original image).

Figure 6: Option 2 (Advanced Search) layout

Option 2: Advanced Search

1) Search results are displayed according to the selection criteria by the user.

The screenshot shows a table of search results with the following columns: No, Tarikh Mula, Tarikh Tamat, Nama Program, Program, Lokasi, Negeri, Mata CCD, Penganjur, No Telefon, and No Faks. Callouts highlight specific search criteria: 'Start date and end date' points to the date columns; 'Search program type' points to the Program column; 'State search' points to the Negeri column; 'Search CCD point' points to the Mata CCD column; 'Search organizers' points to the Penganjur column; and 'Pagination' points to the 'Page 1 of 1' control.
